

SHALENE JHA

Associate Professor, Department of Integrative Biology
Academic Director of Research, Lady Bird Johnson Wildflower Center
University of Texas at Austin
205 W 24th St., Room 404 - stop C0930
Austin, TX 78712

Email: sjha@austin.utexas.edu
URL: <http://w3.biosci.utexas.edu/jha/>
Phone: 512-232-3521

EDUCATION

University	Major	Degree - Year
University of California, Berkeley	Ecology & Population Genetics	Postdoc - 2011
University of Michigan	Ecology & Evolutionary Biology	PhD - 2009
Rice University	Biology	BS - 2004

ACADEMIC APPOINTMENTS

2021 - present	Academic Director of Research at the Lady Bird Johnson Wildflower Center
2017 - present	Associate Professor of Integrative Biology, University of Texas at Austin, TX
2011 - 2017	Assistant Professor of Integrative Biology, University of Texas at Austin, TX
2009 - 2011	UC President's Postdoctoral Fellow, Environmental Science, Policy & Management, University of California, Berkeley, CA
2004 - 2009	Graduate Research and Teaching Assistant, Ecology & Evolutionary Biology, University of Michigan, Ann Arbor, MI

AWARDS & FELLOWSHIPS

2022	NSF NEON Research Coordination Workshop Fellow
2017	Jean Andrews Faculty Fellowship in Tropical and Economic Botany
2015	College of Natural Sciences Teaching Excellence Award, University of Texas
2013	Billy Carr Distinguished Teaching Fellowship, University of Texas
2013	National Center for Ecological Analysis & Synthesis, Early Career Fellowship
2012	National Science Foundation CAREER Award
2009	UC President's Postdoctoral Fellowship, University of California System
2007	Whittaker Mentoring Fellow, University of Michigan
2006	Helen Olson-Brower Research Fellowship, University of Michigan
2006	Ecological Society of America & National Science Foundation Travel Grant
2006	Bee Course Scholarship, American Museum of Natural History
2004	Julian Huxley Award - Ecology & Evolutionary Biology Scholar, Rice University

RESEARCH SUPPORT

Funded Research Grants

Associate Professor Rank:

- 2022 - 2025 USDA – NIFA Pollinator Health (Co-PI, \$750,000 UT portion - \$300,000) - Interactions between biotic and abiotic drivers of thermal tolerance and their impact on essential crop pollinator health
- 2022 - 2025 UT College of Natural Sciences Stengl-Wyer (Co-PI, \$147,700) - Integrating UT field stations into long-term, globally distributed ecological networks
- 2022 - 2025 Winn Family Foundation (Co-PI, \$750,000 UT portion - \$750,000) – Accelerating research, conservation, and outreach at the Wildflower Center and the Field Station Network
- 2021 - 2025 National Science Foundation, Integrative Biology (Co-PI, \$1,300,000 UT portion - \$250,000) - Collaborative Research: Integrating molecular, cellular, organismal and community scales to understand how plants structure pollinator-pathogen dynamics
- 2021 - 2024 National Science Foundation, UT REU Site (Co-PI, \$402,261) - InSTRUCT: Inclusive Student Training in Rapidly Urbanizing Climate-sensitive Terrains
- 2021 - 2023 Knobloch Conservation Grant (Co-PI, \$230,000 UT portion - \$45,000) - Valuing and conserving pollinators in Texas' working landscapes
- 2021 - 2023 UT College of Natural Sciences Early Career Fellowship Program (Coordinator, ~\$250,000) - Early career support for two Integrative Biology postdoctoral fellows
- 2020 - 2024 National Science Foundation, Population and Community Ecology (Co-PI, \$1,000,000 UT portion - \$494,000) - Reconciling the interaction patterns of highly functional and resistant ecological communities
- 2020 - 2023 US Fish & Wildlife Service, State Wildlife Grant (PI, \$386,000) - Region 2 Grant - Multi-year investigation of restoration impacts on pollinator communities & plant-pollinator interactions
- 2020 - 2023 USDA – NIFA Foundational Programs, Sustainable Agroecosystems (Co-PI, \$500,000 UT portion - \$62,000) - Ecological networks, management shifts, and ecosystem services in urban agricultural landscapes
- 2020 - 2023 UT College of Natural Sciences Stengl-Wyer (Co-PI, \$350,000) - InSTInCT: Inclusive Student Training In Collection and field-based Topics
- 2020 - 2022 USDA – AFRI Foundational Fellowship (PI, \$165,000) - Quantifying herbivore-mediated plant-pollinator interactions for resilient melon production, postdoctoral fellowship for H. Gray

2019 - 2023 US Department of Defense, Multidisciplinary University Research Initiative (Co-PI, \$3.125 million, UT portion \$1.56 million) - NYMPHS: Networked Palynology Models of Pollen and Human Systems

2019 - 2022 USDA – NIFA Foundational Programs, Pollinator Health Research Coordination Network (Co-PI, \$500,000 UT portion - \$0) - Research Coordination Network - Establishing a national native bee pollinator monitoring program

Previous Rank:

2016 - 2019 USDA – NIFA Foundational Grant (Co-PI, \$500,000 UT portion - \$100,000) - Biodiversity, sustainability, and ecosystem services in urban agricultural landscapes

2016 - 2019 US Fish & Wildlife Service, State Wildlife Grant (PI, \$500,000 UT portion - \$400,000) - Region 2 Grant -Southern plains pollinator conservation implementation program

2016 - 2019 Texas Parks & Wildlife, Supplement for State Wildlife Grant (PI, \$50,000) - Supplement for Southern plains pollinator conservation implementation program

2015 - 2022 Winkler Family Foundation (PI, \$50,000) - Understanding native bee decline

2015 - 2017 UT FAPESP Brazil Foundation (PI, \$120,000) - Native bee population genetics in cotton agroecosystems

2013 - 2015 USDA –AFRI Foundational Fellowship (PI, \$150,000) - Bumble bee ecology and improved food security, postdoctoral fellowship for S.H. Woodard

2012 - 2018 National Science Foundation, CAREER Award (PI, \$720,000) - Colonization, dispersal and foraging ecology of native bees in human-altered landscapes

2012 - 2017 Department of Defense, Army Research Office (PI, \$420,000) - Conservation genetics of native bees in human-altered landscapes

2012 - 2013 Texas Parks & Wildlife Department, Species of Greatest Concern - Conservation Grants (PI, \$40,000) - Texas bee conservation in urbanizing landscapes

2012 - 2013 Texas Parks & Wildlife Department, Horned Lizard License Plate Grants (PI, \$20,000) - Texas pollinator outreach

2010 - 2013 National Geographic Society, Committee for Research and Exploration (PI, \$12,000) - Understanding bumble bee population decline

Pending Research Grants

2023 - 2028 National Science Foundation, Research Coordination Network (PI, \$3,000,000) - Co-InSTRUCT: Convergent Inclusive Student Training in Rapidly Urbanizing Climate-sensitive Terrains (4th submission after ‘Competitive’ ranking in 2021)

2022 – 2024 Environmental Defense Fund, Innovation Fund (Co-PI, \$100,000) - Simulating Transformative Farming Practice Adoption with a Multi-disciplinary Production Calendar Model

Additional Grant Support for Graduate Students

2015 - 2020 National Science Foundation Graduate Research Fellowship (~\$138,000 for M. O'Connell)
 2016 - 2019 National Science Foundation Dissertation Improvement Grant (~\$13,000 for K. Ballare)
 2016 - 2019 National Science Foundation Dissertation Improvement Grant (~\$13,000 for S. Cusser)
 2013 - 2018 National Science Foundation Graduate Research Fellowship (~\$132,000 for N. Pope)

Additional Grant Support for Undergraduate Students

2016 Army Research Office, High School Apprenticeship Program (PI, \$12,000)
 2015 National Science Foundation, Research Experience for Undergraduates (PI, \$7,500)
 2014 University of Texas Undergraduate Research Fellowship (\$1,000 for S. Cunningham)
 2013 - 2015 National Science Foundation, Research Experience for Undergraduates (Senior Collaborator with the UT Environmental Science Institute, ~\$10,000 per year)

TEACHING

- 2011 - 2021 **Ecology** (BIO 373) - University of Texas at Austin – Primary Instructor of undergraduate course which provides an introduction to the major areas in the field of ecology
- 2017 & 2019 **Graduate Skills** (BIO 389D) - University of Texas at Austin – Primary Instructor of graduate course which develops writing, presenting, and organization skills necessary for success in biological research
- 2017 **Ecosystem Services** (BIO 384K) - University of Texas at Austin – Primary Instructor of graduate course which explores ecosystem service quantification, valuation, and spatial and temporal mapping
- 2016 **Networks in Ecology** (BIO 384K) - University of Texas at Austin – Primary Instructor of graduate course which focuses on the interpretation and insights gained from networks in ecology, evolution, and behavior

- 2015 **Foraging Ecology** (BIO 384K) - University of Texas at Austin – Primary Instructor of graduate course which explores central-place foraging, optimal foraging theory, nutritional ecology, and movement ecology
- 2013 **Urban Ecology** (BIO 384K) - University of Texas at Austin – Primary Instructor of graduate course which provides an overview of emerging concepts and mechanisms of biodiversity maintenance in urban systems
- 2012 **Advanced Topics in Conservation** (BIO 384K) - University of Texas at Austin – Primary Instructor of graduate course that covers foundational and emerging concepts in Conservation Biology, including biodiversity conservation, protected area design, managing the matrix, and ecosystem services
- 2010 & 2012 **Field Ecology** (EEB 455) - University of Michigan – Guest Instructor in population and community ecology and mentor in field project design, statistics, and scientific writing
- 2006 & 2007 **Field Ecology** (EEB 455) - University of Michigan – Teaching Assistant (taught twice), research mentor, and advisor of experimental design and analyses
- 2004 - 2006 **Introductory Biology** (BIO 162) - University of Michigan – Teaching Assistant (taught 5 times), leader of weekly laboratory practicals, grader of lab reports and exams

ADVISING

Mentor of Post-doctoral Fellows:

- Deidre Zoll - 2021 - present – Trade-offs and synergies across ecosystem services
- Harry Siviter - 2021 - present – Impacts of pesticide on pollinator foraging and cognition
- Hannah Gray - 2020 - present – Herbivore and pollinator interactions in agroecosystems
- Gabrielle Pardee - 2020 - present – Urbanization impacts on pollinators
- Sean Griffin - 2019 - 2022 – Plant and pollinator response to restoration (*currently Director of Science and Conservation at the Lady Bird Johnson Wildflower Center*)
- Elinor Lichtenberg - 2017 - 2019 – Plant and pollinator restoration ecology (*currently Assistant Professor at the University of North Texas*)
- S. Hollis Woodard - 2014 - 2016 – Nutritional ecology of bumble bees (*currently Assistant Professor at the UC Riverside*)
- Antonio Castilla - 2012 - 2015 – Tropical ecology and plant population genetics (*currently Assistant Professor at Midwestern State University*)

Mentor of Visiting Post-doctoral Scholars:

- Daniel Katz - 2020 - 2021 – Airborne pollen spatial and temporal dynamics (*currently Assistant Professor at Cornell University*)
- Rodolfo Jaffe Ribbi - 2014 - 2015 – Tropical bee population genetics (*currently Senior Scientist at Exponent Science and Engineering Consulting*)

Chair of Graduate Student Committees:

- *EEB = Ecology, Evolution & Behavior, PB= Plant Biology, CRP= Community & Regional Planning, ANT= Anthropology, GEO= Geography
- Leeah Richardson (PhD, EEB) – 2020 – present – Bee cognition and foraging

Nick Ivers (PhD, EEB) - 2017 - present – Pathogen and population dynamics of bumble bees
 Camila Cortina (Masters, EEB) - 2019 - 2022 – Pollinator foraging and population persistence
 Megan O’Connell (PhD, PB) - 2014 - present – Tropical plant population genetics
 Emlyn Resetarits (PhD, EEB) - 2014 - 2019 – Metacommunities and social trematodes
 Nathaniel Pope (PhD, EEB) - 2012 - 2019 – Foraging and disease ecology of bumble bees
 Sarah Cusser (PhD, EEB) - 2012 - 2018 – Agroecology and landscape pollination ecology
 Kimberly Ballare (PhD, EEB) - 2012 - 2018 – Urban bee ecology and population genetics

Member, Graduate Student Committees:

Keri Greig (PhD, EEB) - 2022 - present – Chemical ecology of tropical trees
 Jenna Melanson (PhD, Univ British Columbia) - 2022 - present – Bumble bee landscape ecology
 Nikunj (PhD, EEB) - 2021 - present – Spatial dynamics and movement ecology
 Devin Grobert (PhD, PB) - 2022 - present – Fire ecology in central Texas
 Azucena Lucatero (PhD, EnvStudies at UC Santa Cruz) - 2020 - present – Urban agroecology
 Audrey Denvir (PhD, GEO) - 2020 - present – Agroecology in the Neotropics
 Briana Betke (PhD, EEB) - 2019 - present – Disease ecology in urban landscapes
 Whitney Behr (PhD, PB) - 2019 - present – Fire ecology and impacts on floral resources
 Chase Rakowski (PhD, EEB) - 2018 - present – Algal agroecology and trophic dynamics
 Allison Northrup (PhD, EEB) - 2018 - present – Physiological ecology and theoretical ecology
 Dan LeVine (PhD, GEO) - 2018 - present – Remote sensing of fire impacts on grasslands
 Sarah Eshleman (PhD, GEO) - 2018 - present – Geographic information science in Belize
 Zachary Phillips (PhD, EEB) - 2017 - present – Mutualistic interactions in leaf-cutting ants
 Carolyn Whiting (PhD, PB) - 2017 - present – Fire ecology and grassland succession
 Amely Martins (PhD, ANT) - 2016 - present – Population genomics and habitat fragmentation
 Hannah Marti (PhD, EEB) - 2016 - present – Social behavior in Hymenoptera
 Aaron Groth (PhD, Geography) - 2015 - present – Tropical agroecology and ecosystem services
 Erick Da Silva Motta (PhD, EEB) - 2016 - 2020 – Microbiota of honey bees and bumble bees
 Claire Hemingway (PhD, EEB) - 2017 - 2020 – Mammal foraging dynamics
 Sarah Barfield (PhD, EEB) - 2017 - 2020 – Population genomics of coral reefs
 Robert Deans (PhD, EEB) - 2014 - 2019 – Community ecology and species interactions
 Nathan Leclear (PhD, PB) - 2014 - 2019 – Biogeography and pollination biology
 Juan Diego Palacio (PhD, PB) - 2014 - 2018 – Cold tolerance and biofuels
 Gautam Surya (PhD, EEB) - 2014 - 2018 – Avian species distributions and biogeography
 Andria Salas (PhD, EEB) - 2014 - 2018 – Marine soundscape and landscape ecology
 Elise Worchel (PhD, PB) - 2013 - 2018 – Microbial-plant interactions
 Lina Maria Valencia (PhD, ANT) - 2013 - 2018 – Habitat fragmentation and dispersal
 Colin Addis (PhD, EEB) - 2014 - 2017 – Individual-based models of pollinator foraging
 Rong Ma (PhD, EEB) - 2014 - 2017 – Honey bee pheromones and genomics
 Emily Booth (PhD, PB) - 2013 - 2017 – Plant community ecology and fire regimes
 Roger Shaw (PhD, EEB) - 2014 - 2016 – Dispersal ecology of odonates
 Gabriel DeJong (Masters, PB) - 2014 - 2015 – Propagule pressure and spatial ecology
 Daniel Fox-Baker (Masters, Community & Regional Planning) - 2014 - 2015 – Mosquito ecology

Undergraduate:

Zachary Mann - 2022 - present – Pollinator disease ecology
 Summer Montoya - 2022 - present – Plant-pollinator restoration biology
 Jacob Krueel - 2022 - present – Plant-pollinator interaction networks
 Allison Morales - 2022 - present – Pollinator phenology
 Nia Gladden - 2022 - present – Plant reproductive biology
 Ana Espinosa - 2021 - present – Plant-pollinator restoration biology
 Siva Schwarz - 2021 - present – Plant ecology in restored prairies
 Denise Ochoa - 2021 - present – Pollinators in pumpkin agricultural systems

Sydney Ribera - 2020 - present – Urban design and pollinator foraging biology

 Nathan Hoppe - 2014 – Plant-soil interactions along an invasion frontier
 William Jorn - 2014 – Plant-herbivore interactions in central Texas
 Emily Wagner - 2014 – DNA extraction of California bumble bees
 Sasha Mehrabian - 2014 – Plant community ecology of central Texas
 Mustafa Saifuddin - 2013 – Pollen collection and preference of *Bombus vosnesenskii*
 Karima Khimani - 2013 – Development of pollen reference collection

High School:

Yadira Rodriguez - 2018 – Plant reproductive biology
 Lauren Do - 2017 – Native bee pollen foraging ecology
 Diana Joyce Ojeda - 2015 & 2016 – Tropical plant population genetics
 Alexis Diaz - 2014 – Bumble bee nutritional ecology
 Keyanna Maxwell - 2013 – Plant population ecology

SERVICE & PUBLIC ENGAGEMENT ACTIVITIES

Departmental

IB Early Career Fellowship Committee Chair – 2020 – present

- Leader for the application, program development, search committee, and mentor in UT Provost's Early Career program

IB Executive Committee – 2019 - present

- Participant in discussion group focusing on opportunities and challenges in the department

IB Diversity and Inclusivity Committee – 2017 - present

- Leader for the inclusion of diversity and inclusivity materials and in multiple platforms: development of departmental strategic plan, faculty job ads, graduate student handbooks, departmental web materials, new student orientation, and through the diversity and inclusion discussion series

PB Strategic Planning Committee – 2015 - present

- Member of team charged with developing next-steps for the PB graduate program regarding student-college integration, financial stability, and graduation rates

IB Student Evaluation and Fellowships Committee – 2013 - present

- Evaluator of graduate proposals for start-up, travel, and dissertation research funds

EEB/IB Parental Accommodation Contact for Graduate Students - 2013 - present

- Navigate graduate student support available at CNS and departmental levels

IB Graduate Program Minority Liaison – 2013 - present

- Mentor for historically underrepresented (economic, gender, ethnic, and cultural) groups and students working through challenges do to external obligations (family, medical, societal)

IB Faculty Search Committee – Junior Ecologist – 2017 - 2018

- Chair of search committee, reviewer of applications, summarization of status for faculty meetings, and interviewer and host of candidates during visits

IB Faculty Search Committee – Open-Rank Ecologist – 2017 - 2018

- Chair of search committee, reviewer of applications, summarization of status for faculty meetings, and interviewer and host of candidates during visits

IB Faculty Search Committee – Junior Integrative Biologist – 2016 - 2017

- Reviewer of applications and interviewer of candidates for the faculty position

Brackenridge Field Lab Butterfly Garden – 2013 - 2015

- Volunteer in the maintenance of educational pollinator garden at Brackenridge Field Lab

IB Insect Curator Search Committee – 2013 - 2014

- Reviewer of applications and interviewer of candidates for Insect Curator position

College

CNS InSTInCT REU – 2021 - present

- Co-founder and co-lead for the CNS's first REU program focused on underrepresented and non-traditional undergraduate students

CNS Dean Search Committee – 2021 - present

- Conducted listening sessions, summarized faculty, student, and staff perspectives, reviewed applications, interviewed candidates

CNS Emerging Faculty Leaders – 2019 - present

- Member of committee working towards greater connection and collaboration between faculty and college leadership

CNS Diversity Equity and Inclusion Action Team – 2020 - present

- Served as the lead for the BIPOC Climate committee, collated college-wide action plans to address inequities at undergraduate, graduate, faculty, and staff levels

Lady Bird Johnson Wildflower Center, Bee Identification Workshop – 2018 - present

- Developed and implemented an educational workshop on native bee identification and conservation.

CNS Minority Liaison – 2016 - present

- Co-organizer of SURE in CNS, a multi-day minority graduate recruitment event that provides mentorship to undergraduate students from across the country
- Developer of inclusive classroom material for CNS to help in the enhancement of social/economic/cultural sensitivity in teaching

CNS Diversity and Inclusivity Committee – 2016 - present

- Member of CNS committee to create an inclusive environment for CNS students, creating gender inclusive restrooms, improve training protocols, improve web presence, increase representation and recruitment of underserved groups
- Tour leader and participant in UT's 2013 SACNAS Prospective Student Mentoring Event and the 2015 Virtual Fair to advance Hispanic, Chicano, and Native American participation in science

Lady Bird Johnson Wildflower Center, Nature Nights – 2015 - present

- Participant in a public outreach event educating community members about pollinator biology and conservation.

Jean Andrews Lecture Series, Plant Biology Program – 2012 - present

- Organizer of an annual plant conservation and public outreach seminar series held at the Lady Bird Johnson Wildflower Center and the University of Texas

Lady Bird Johnson Wildflower Center Lead Science and Conservation Manager Search Committee – 2021 - 2022

- Co-created job ad, reviewed applications, interviewed candidates

Lady Bird Johnson Wildflower Center Executive Director Search Committee – 2021 - 2022

- Conducted listening sessions, summarized staff perspectives, reviewed applications, interviewed candidates

EEB Admissions Committee – 2013 - 2019

- Evaluator of graduate applicants to the EEB program

Staff Excellence and Diversity Inclusion Awards – 2017 - 2018

- Designed and evaluated nominations for the Diversity and Inclusivity Award
- Evaluated nominations for Staff Excellence

CNS Dean Search Faculty Interview Committee – 2017 - 2018

- Interviewed Dean candidates and summarized faculty perspectives

UT Family Day – 2015

- Faculty speaker and participant in a science outreach event informing UT families about CNS research activities

University

Bridging Barriers - PT2050 Resilience in Changing Landscapes – 2021 - present

- Co-lead and coordinator of research and public engagement efforts focused on sustainability across Texas landscapes

Council for Racial and Ethnic Equity and Diversity (CREED) – 2020 - present

- Representative for CNS in actions addressing inequities at UT across academic positions, including issues of representation, recruitment, compensation, retention, and community engagement

Society of Advancing Gender Equity in STEM (SAGES) – 2019 - present

- Mentor and Advisory Board member, providing mentoring and advising support for female undergraduates, graduate students, postdocs, and staff members at UT

Bee Campus USA – 2019 - present

- Faculty advisor for student group working towards pollinator conservation on campus
- Submitted materials and was awarded Bee Campus status by the Xerces Society for Invertebrate Conservation

President's Sustainability Steering Committee – 2017 - present

- Member of committee to propose, discuss, and evaluate campus sustainability measures and their impact on current, past, and future students, staff, and faculty

Bridging Barriers - Planet Texas 2050 – 2017 - present

- Participant in cross-disciplinary discussion and creation of sustainability projects for Austin and UT within the context of multiple global change forces

Mitchell Fellows REU Program – 2020 - 2021

- Research and career mentor for summer researchers in the environmental sciences

NSF Includes Selection Committee – 2020

- Evaluated internal proposals for the NSF Includes competitive program

Environmental Science Institute REU Program – 2013 - 2018

- Research and career mentor for summer researchers in the Environmental Science Institute

Faculty Council Standing Committee on Responsibilities, Rights, and Welfare of Graduate Student Academic Employees – 2016 - 2017

- Advisory member for the Faculty Council and president on matters pertaining to the responsibilities, rights, and welfare of graduate student academic employees

Environmental Science Institute Admissions Committee – 2012 - 2017

- Evaluator of transfer and incoming applicants to the Environmental Science program

International, National, and Community

Commission for Environmental Cooperation North American Pollinator Conservation Framework – 2020 - present

- Served along five other pollinator experts from the US, Mexico, and Canada to develop a tri-national pollinator conservation framework for federal implementation

National Native Bee Monitoring Program -USDA – 2018 - present

- Leader in designing a national protocol for monitoring native bees in the US

TPWD – Wildlife Tax Valuation and Pollinator Monitoring Program – 2016 - present

- Leader in designing a state-level protocol for conserving pollinator habitat for tax valuation

Texas Legislature – Pollinator Conservation Advocate – 2019

- Provided testimony on the economic benefits of state-level management and policy measures for native pollinator conservation

BOMBUSS – Methods in Bumble bee biology – 2017 - 2019

- Workshop leader, Utah State University – Population Genetic and Genomic tools for Bumble bee research

Davy Crockett High School Research Program – 2013 - 2018

- Mentor for students from historically underrepresented (economic, gender, ethnic, and cultural) groups in biology

International Conference on Pollinator Biology, Health & Policy – 2016

- Conference symposium co-organizer, Pennsylvania State University – Molecular Tools for Managing Pollinator Populations

Intergovernmental Platform on Biodiversity & Ecosystem Services (IBES) – 2014 - 2017

- Collaborator and reviewer of IBES drafts examining the drivers of change for pollinators, pollinator networks, and pollination services

International Union for the Conservation of Nature (IUCN) Bumble bee Conservation Working Group – 2010 - 2017

- Collaborator in the development of conservation recommendations for *Bombus* spp and Red-listing for *B. Franklini*

Texas Pollinator Conservation POWWOW – 2014 - 2016

- Pollinator outreach workshop coordinator, Lady Bird Johnson Wildflower Center & Texas Tech University - Presenter and advisor on native bee conservation and ecology

Ecological Society of America – 2015

- Conference symposium co-organizer, Baltimore Convention Center – Urban Gardening and the Conservation of Biodiversity and Ecosystem services
- Conference symposium co-organizer, Baltimore Convention Center – Native Bee Conservation Genetics

Balcones Canyonlands Preserve System – 2015

- Highlighted Ecologist, speaker at the Annual BCP Conservation Meeting – Native bees of the BCP reserve system

Entomological Society of America – 2013

- Conference symposium co-organizer, Austin Convention Center - Bee Conservation in the 21st Century

Pollinator Conservation Citizen Scientist Workshop – 2009 - 2010

- Collaborator with the Xerces Society and the University of California Berkeley & Davis - Instructor in a bee identification workshop
