

Central Texas gardens & farms have hundreds of native bee *species* including:

1. Bumble bees (*Bombus*) most common in TX
2. Tiny sweat bees (*Lasioglossum*) most common
3. Longhorn bees (*Melissodes*) very common
4. Large carpenter bees (*Xylocopa*) common
5. Green sweat bees (*Agapostemon*) common
6. Leaf cutter bees (*Megachile*) less common

Longhorn bee - John Ascher 2009
